

HESSLE FEDERATION OF SCHOOLS

PARENT/CARER ACCEPTABLE USE POLICY AGREEMENT

Effective Date: December 2010

Date of minuted approval by the governing body: 14 October 2010

Review Committee: Finance and Premises

Review Date: December 2012

Aim

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that Federation ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that parents and carers are aware of the importance of e-safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The Federation of Schools will ensure that students will have good access to ICT to enhance their learning and will, in return, expect the students to agree to be responsible users. A copy of the Student Acceptable Use Policy is attached to this permission form, so that parents / carers will be aware of the school expectations of the young people in their care.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.

Rationale

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

Issue and Review

This Acceptable Use Policy Agreement will be reviewed and reissued annually following any necessary amendments.

Permission Form

Parent / Carers Name

Student Name

As the parent of the above child, I give permission for them to have access to the internet and to ICT systems at school.

I know that my child has signed an Acceptable Use Agreement and has received, or will receive, e-safety education to help them understand the importance of safe use of ICT – both in and out of school.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and ICT systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my child’s activity on the ICT systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child’s e-safety.

Signed
